

VENDING MACHINES AND COMPETITIVE SALES

1. Vending machines, accessible to students, housing items not meeting the USDA smart snack guidelines, will be operable and accessible 30 minutes prior to the last school bell in the afternoon until 30 minutes prior to the first bell in the morning on weekdays and fully operational and accessible on weekends and holidays. It is recommended that these vending machines should not be located in school lunchrooms.
2. Commercial competitive food or drink vendors are not allowed to directly bring food or drinks to students in school. Special events should be arranged through the Nutrition Services Program.
3. Competitive food and drinks shall not be sold to students on school grounds and school buildings between the start of the school day and the end of the last lunch period with the exception of an activity event.
4. Revenue from all food and drink items sold in a school's food service area shall benefit the school lunch program if sold between 30 minutes prior to the first bell in the morning and 30 minutes prior to the last bell in the afternoon.
